# Project Overview

My project is a personal digital portfolio website built using HTML, CSS, and JavaScript. It acts as a one-stop professional identity, showcasing: ☒ Academic details ☒ Projects & certifications ☒ Skills & technical strengths ☒ Contact information & resume download

# End User

 Students – to showcase work

 Faculty/Reviewers – for project evaluation

 Recruiters/HR – for hiring assessments

 Developers & Peers – for collaboration & inspiration

# Tools & Technologies

 Frontend: HTML5, CSS3, JavaScript (Vanilla JS)

 Styling & Effects: CSS Grid, Flexbox, Animations, Media Queries

 Enhancements: JavaScript DOM manipulation, Form validation

 Version Control: GitHub

 Design Mockups: Canva / Figma

# Portfolio Design & Layout

**Landing Page: Professional intro with animated text**

**About Section: Education, career goals, personal profile**

**Skills Section: Progress bars & icons for HTML, CSS, JS**

---

**Projects Section: Cards with hover effects & GitHub links**

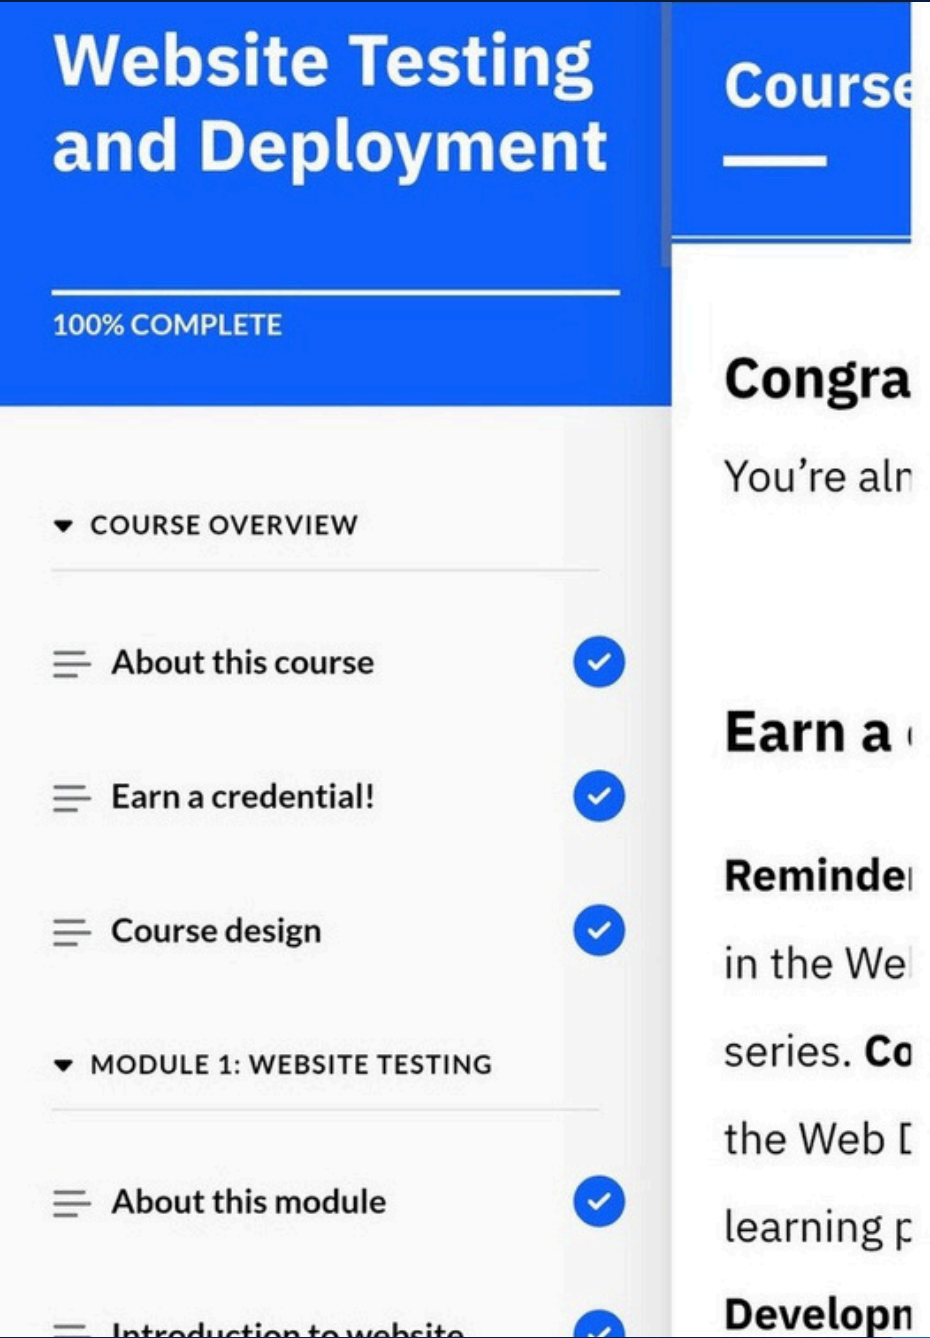

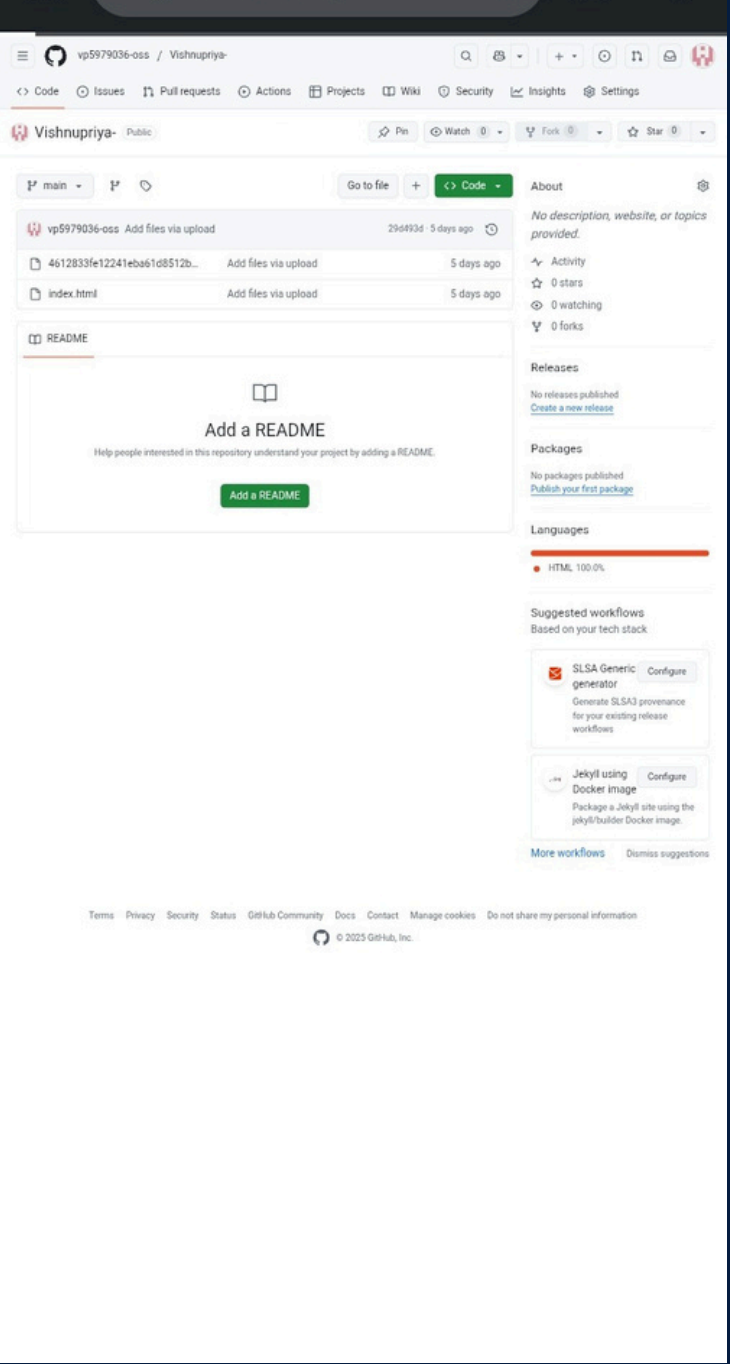

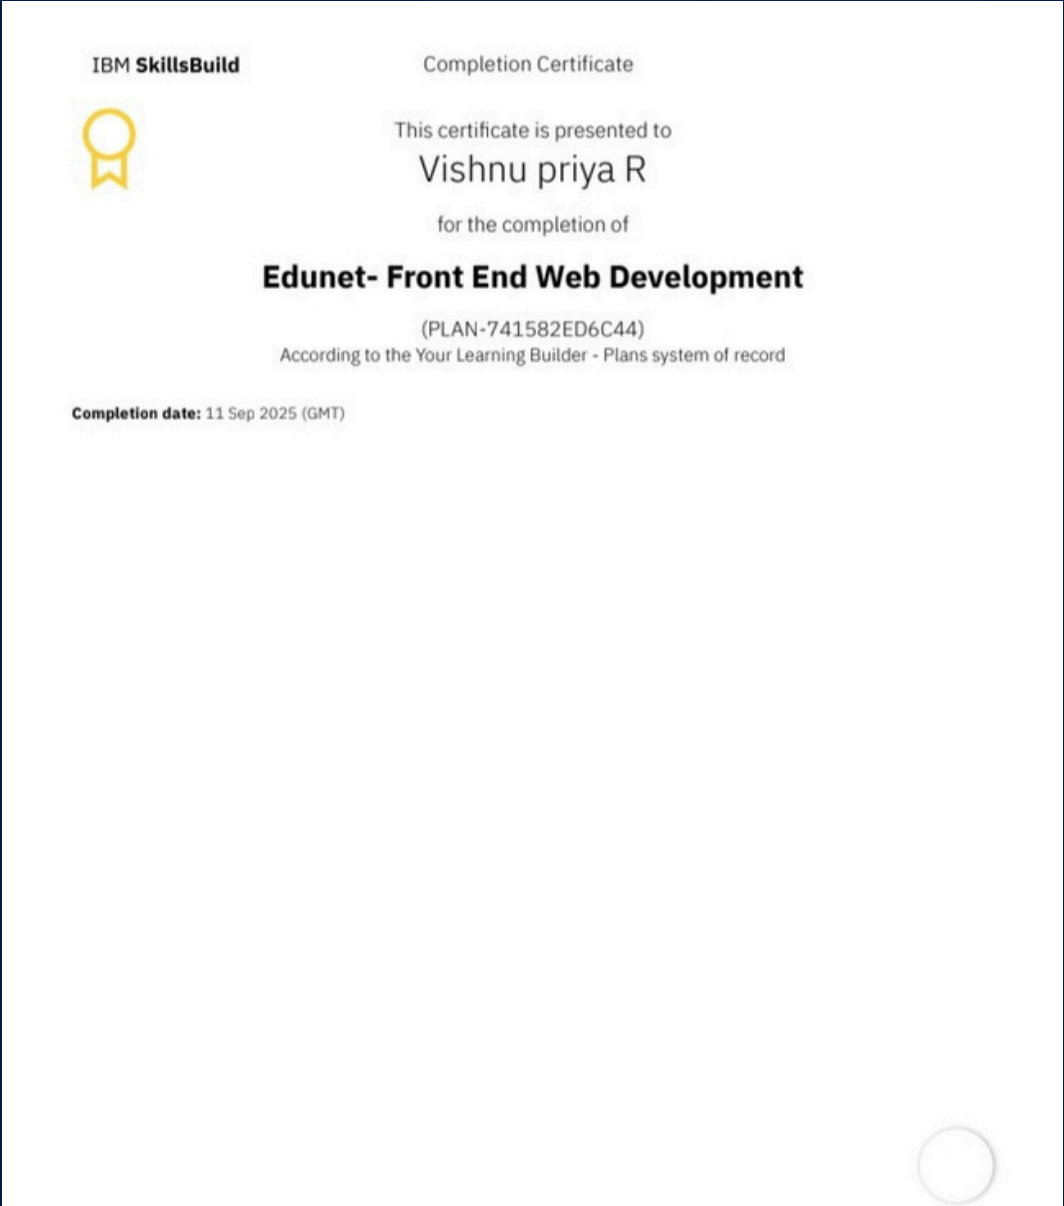

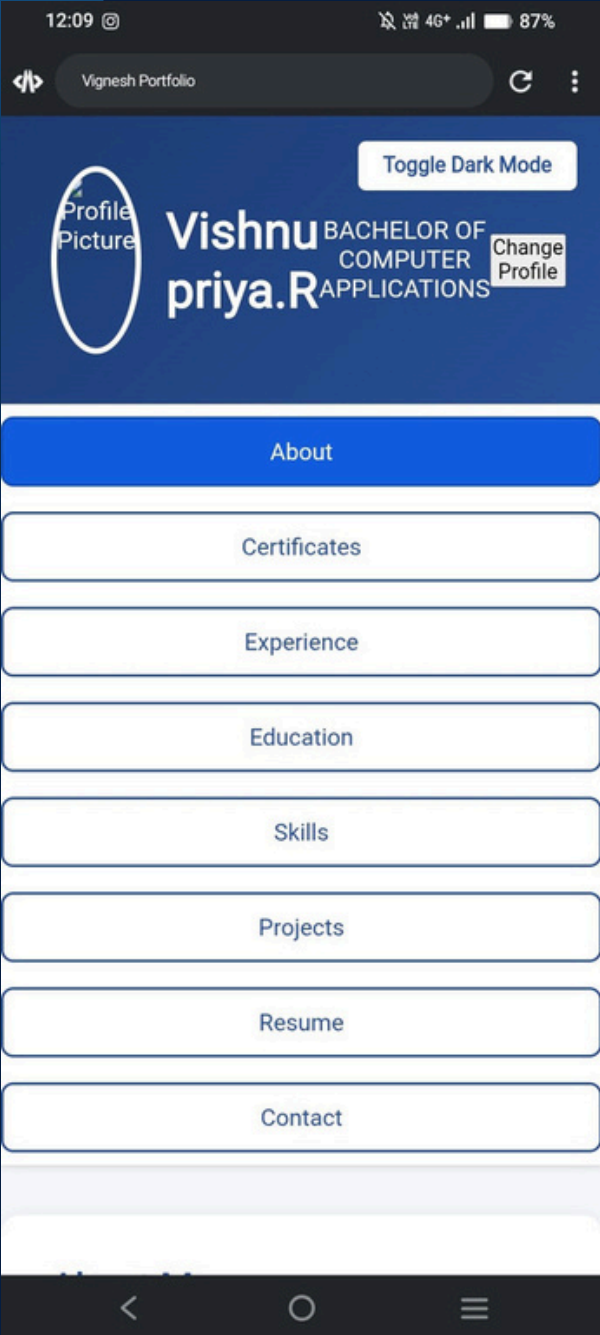

**Contact Section: Interactive form with validation**

# Features & Functionality

- ✦ Fully responsive design (works on mobile & desktop)
  - ✦ Smooth CSS animations & hover effects
  - ✦ JavaScript-powered interactive navigation
  - ✦ Resume download option in PDF format
- ✦ LiveGitHub integration for project showcase

# Results & Screenshots

# Conclusion

**The Vishnu Priya digital portfolio is a modern web solution for self-presentation. It demonstrates my practical knowledge of HTML, CSS, and JavaScript while helping me showcase my academic journey, skills, and projects in an interactive and professional format**
